Inclement weather closures:

Full days lost to inclement weather or other closures may be made up by extending the school year as needed.

School Closure, Delay or Early Release Procedure

It may occasionally be necessary to close, delay the start, or release school early because of inclement weather and/or travel conditions. Should one of those actions be necessary, the district will notify students, parents and staff through the local radio and television stations and the district's website. In addition, staff will notify students if school is in session when the district makes such a decision. The decision as to whether school will be closed or the opening delayed because of the weather will typically be made by 6:00 a.m. by the superintendent or his/her designee. If school is to be closed or the opening delayed, the radio and television stations will be notified and asked to announce that information before 6:30 a.m. When school is released early, broadcast media will be notified as soon as possible.

The television stations to be notified are:

KEZI - Ch. 9 KVAL - Ch. 13 KMTR - Ch. 16 KLSR - Ch. 34

* The call signs of the television stations to be notified are provided above. The channel number may vary according to the listening area.
